Social skills and competences

Excellent interpersonal skills: very good in communication and networking. Capacity for rapid adaptation to various cultural and political settings. Positive, enthusiastic and solution-oriented.

Organisational skills and competences

Organisational and directional skills developed through project management and work experiences. Able to work under pressure and in emergency situations. Quality driven and service oriented. Flexible and diplomatic. Natural team player, but able to work autonomously.

Technical skills and competences

Strong epidemiological and statistical skills gained during MSc and EPIET fellowship. Strong writing and presentation skills. Experience in designing and implementing clinical trials. Two years experience in HIV/AIDS, TB and Malaria control in Sub-Saharan Africa with MSF. Several field experiences in outbreak response. Reviewer for peer-reviewed journals.

Computer skills and competences

Proficient with both Windows and Macintosh environments. Proficient user of MS Office, Stata, EpiInfo, EpiData, ARC View GIS, MapInfo, Acrobat Reader, EndNote amongst others. Experience in the use of internet-based tools for epidemic intelligence.

Other skills and competences

April 2009, WHO and LSHTM course certificate in Infectious Diseases in Humanitarian Emergencies. Work experiences in slums in Nairobi, Rio de Janeiro and Buenos Aires.
